

Islamabad Traffic Police (ITP) Updated Road Safety Rules 2025

1. All vehicles must undergo annual emission testing to reduce environmental pollution.
2. Drivers must keep a minimum distance of 5 meters from school buses when picking up or dropping off students.
3. Vehicles are not allowed to use high-beam headlights within city limits.
4. Pedestrian crossings must always be respected — failure to yield may result in a Rs. 1000 fine.
5. Ride-sharing drivers must display valid ITP-issued transport permits.
6. Tinted windows beyond the legal limit are prohibited without a special exemption certificate.
7. Parking on pedestrian pathways or bicycle lanes is strictly forbidden.
8. Emergency lanes must always remain clear for ambulances and police vehicles.
9. Vehicles carrying hazardous materials require a special safety clearance from ITP.
10. Noise pollution from modified exhaust systems will result in immediate fines and vehicle inspection.
11. Unattended vehicles should not be left running or unlocked in public spaces.
12. Drivers must immediately report road accidents to the nearest ITP station or call 1915.
13. Driving during fog or rain requires low-beam headlights and hazard lights for safety.
14. Speed limit signs must be followed at all times — exceeding limits by over 20 km/h may lead to license suspension.
15. Cyclists are encouraged to wear reflective jackets and helmets during night rides.

These updated rules aim to enhance public safety and environmental awareness. Follow road ethics, respect traffic wardens, and help make Islamabad a safer city for all. Drive safe — your responsibility saves lives.
